

HEATING & AIR CONDITIONING

- Semi Custom "Vision" Air Handling Units
- Rooftop Packaged AC Units
- Chillers - Centrifugal, Magnetic Bearing, Screw Scroll Compressors (Air and Water Cooled)
- Water Source Heat Pumps
 - Vertical Stacking
 - Horizontal and Geothermal
- Fan Coils, Cooling and Heating
- Unit Ventilators, PTAC's

- Variable Refrigerant Volume ("VRV" Systems)
- Water Cooled & Air Cooled
- Mini-Split Air Conditioning
- Make-up Air Units

- Air to Water Heat Pumps with Heat Recovery and Free Cooling Options
- Ultra Quiet Fan Coils
- Modular Chillers

- Custom Built Air Handling Equipment
- Penthouse Packages Units
- Commercial, Institutional and Industrial Standards
- Packaged DX Cooling

- Fan Coils Units
- Convectors
- Unit Ventilators
- Low Temperature Radiation

- 100% Outside Air Handling
- 5-70 Tons
- Heat Recovery
- Cooling & Heating Options

- Custom Air Handling Unit
- Natatorium (Pool) Units

- Humidification
 - Electrode Steam
 - Injection Steam
 - Gas Fi red
 - Atomizing & Nozzle

- Vertical Water Source Heat Pumps
- Hybrid Heat Pumps
- Sigma Vertical Stack Fan Coils

- Energy Recovery Ventilators

- Heat Recovery Ventilators

- Fan Coils

- Room Air Conditioning

- Adiabatic Fluid Coolers

- Residential Heat Recovery Ventilators

- Heat Pumps - Water to Water & Air to Water

DOMESTIC HOT WATER

- Domestic Hot Water Heating with Heat Pump Technology

- Domestic Hot Water Heating with Heat Pump Technology
- CO2 Heat Pump Technology

- Domestic Hot Water Heating with Heat Pump Technology

HYDRONIC SYSTEMS

- Pumps
- Booster Pumps
- Suction Diffusers
- Multipurpose Valves

- Plate Heat Exchangers
- Brazed Plate Heat Exchangers

- Heat Exchangers
- Expansion Tanks
- Air Separators

FILTERS, FANS & INDOOR AIR QUALITY

- Laboratory Exhaust Systems
- Bifurcated Fans

- Electronic Filtration
 - MERV 18 Rating
 - High Efficiency Filters with Low Pressure Drop

- Adjustable Pitch and Pitch-In-Motion Axial Fans
- Mixed Flow Fans

- Ventilation Equipment
- Industrial Panel, Axial and Centrifugal Fans

- FRP and PVC Centrifugal and Axial Fans

- Up to 90% Efficiency
- Integrated Control
- Air Humidification
- Regenerative Heat Exchanger
